Capabilities Statement

Founded in 1992, Westwind Computer Products, Inc. provides comprehensive, integrated IT solutions to Federal Government agencies throughout the US and overseas.

With a number of contract vehicles and Small Business certifications, including Minority-Owned and Woman-Owned designations, Westwind helps you make efficient procurement decisions. Westwind also has HUBZone status on several contracts. Westwind is ISO 9001:2015 certified, follows industry standards for warehouse security, and practices secure supply chain management.

Why Westwind?

People. The Westwind Pack works hard to build and maintain strong relationships with both our OEM partners and our customers.

Access. Westwind partners with hundreds of major distributors to provide our customers with the best products and the most reliable services.

Commitment. With more than 25 years serving the Federal Government, the Westwind Pack is adept at navigating the procurement process and delivering effective results, regardless of scale.

Knowledge. Our solution engineers hold certifications from many of the industry's leading technology manufacturers and service providers.
